

REACH Compliance Declaration

The European Chemical Agency (ECHA) has current and future substances identified as Substances of Very High Concern (SVHC). EU announced on June 15th, 2019 an updated list of the candidate 197 SVHC chemicals. The list can be found at:

http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) requires article suppliers to inform recipients if an article contains an SVHC in excess of 0.1% by weight under European regulation No. 1907/2006

Based on the material content certifications provided by our suppliers, these substances are not present in the materials that we use in our products, including packaging and shipping materials

Calibre UK Limited will continue to comply with REACH requirements and notify its customers of any change in article content
